## EXPERIENCE

### Web Design

#### Fiverr Marketplace

08/2021 - Current

- I have extensive experience in web design and technical tasks such as speed optimization, having successfully completed over 600 projects on the freelancing platform, Fiverr.

### Web Designer (remote)

#### Front End - Delhi , India

09/2021 - 05/2022

- I customized the design of the website from scratch as it was originally built using WordPress. I handled the front-end development of the website, incorporating all the necessary modifications and design elements to suit the desired outcome.
- Handled special projects designated by senior developers.

## EDUCATION

2024

### BSC CSE

#### IUBAT - Uttara , Dhaka

I have completed 11 semesters and now only have an internship remaining. I will receive my results in January of next year.

2019
